

MSKMP Series

150 – 292mm
(Riga Flow alternative)

MSKMP Series 150 – 292mm

Versions

- Frame type: Galvanized Steel

Characteristics

- Tested according to EN 779
- Micro Glass Fibre
- Separators Hot Melt
- Expanded Galvanized Steel Grill
- Gasket Continuous Polyurethane
- Operating Temperature 80 °C
- Final Pressure Drop 450pa

Applications

For fine dust filtration in heating ventilation and air conditioning devices and plants of all kinds:

- Offices, hospitals, public buildings, retail outlets
- Pharmaceutical, mechanical and food industries

Classification

- Filter class M6
- Filter class F7
- Filter class F8
- Filter class F9
